

1/10 Scale Tamiya Cartons

Tamiya Builders,

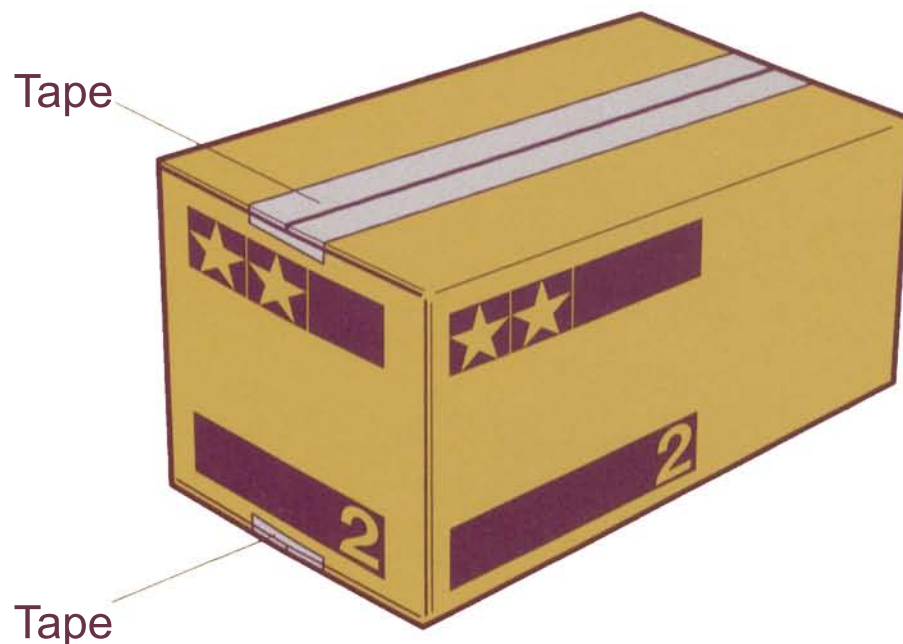

For those of you looking for scale accessories to create a great build, look no further. The new Tamiya Unimog will come with these included, but why wait? With the attached you can create scale cartons to your tastes.

We hope you enjoy your build,

Tamiya America, Inc.

How to Assemble the Carton

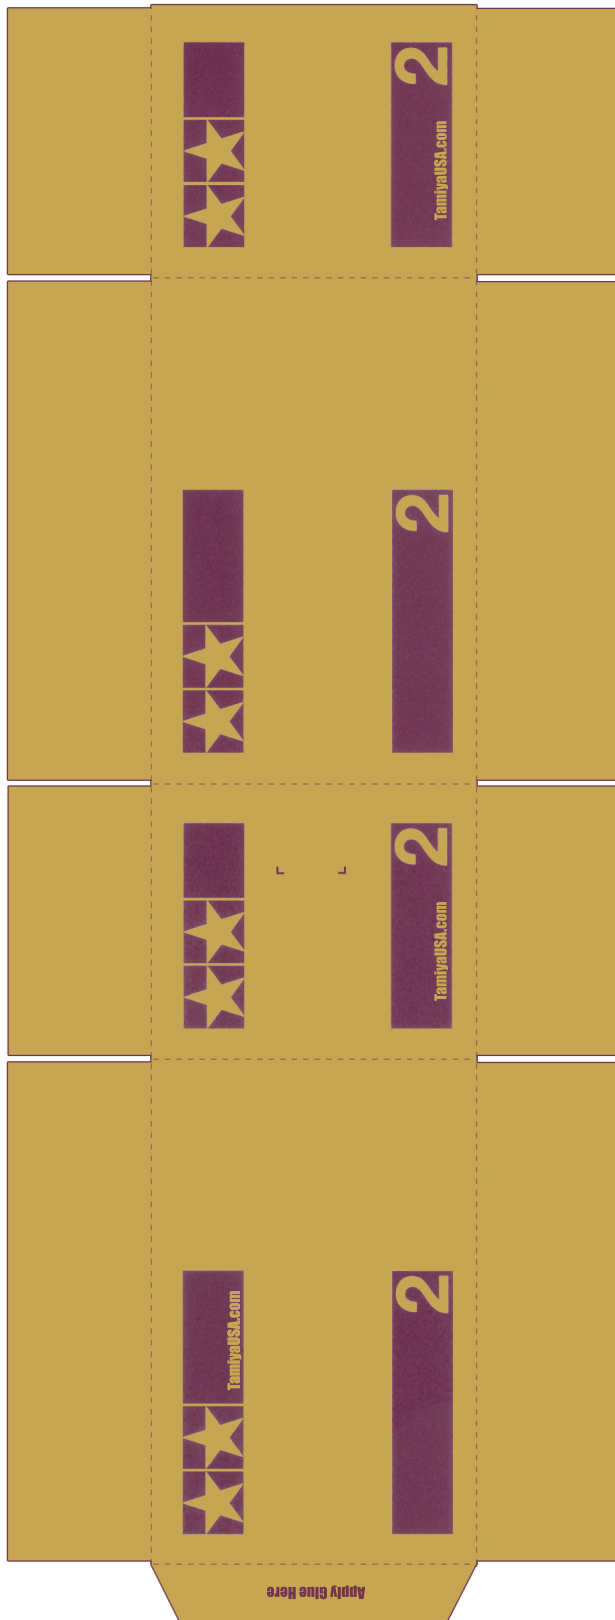

1. Use a hobby knife and cut along the solid lines to remove the carton section.
2. Use a hobby Knife and gently cut along dotted line to make fold easier.
3. Fold along dotted lines and apply glue to tabs.
4. Tape the top and bottom of the carton close.

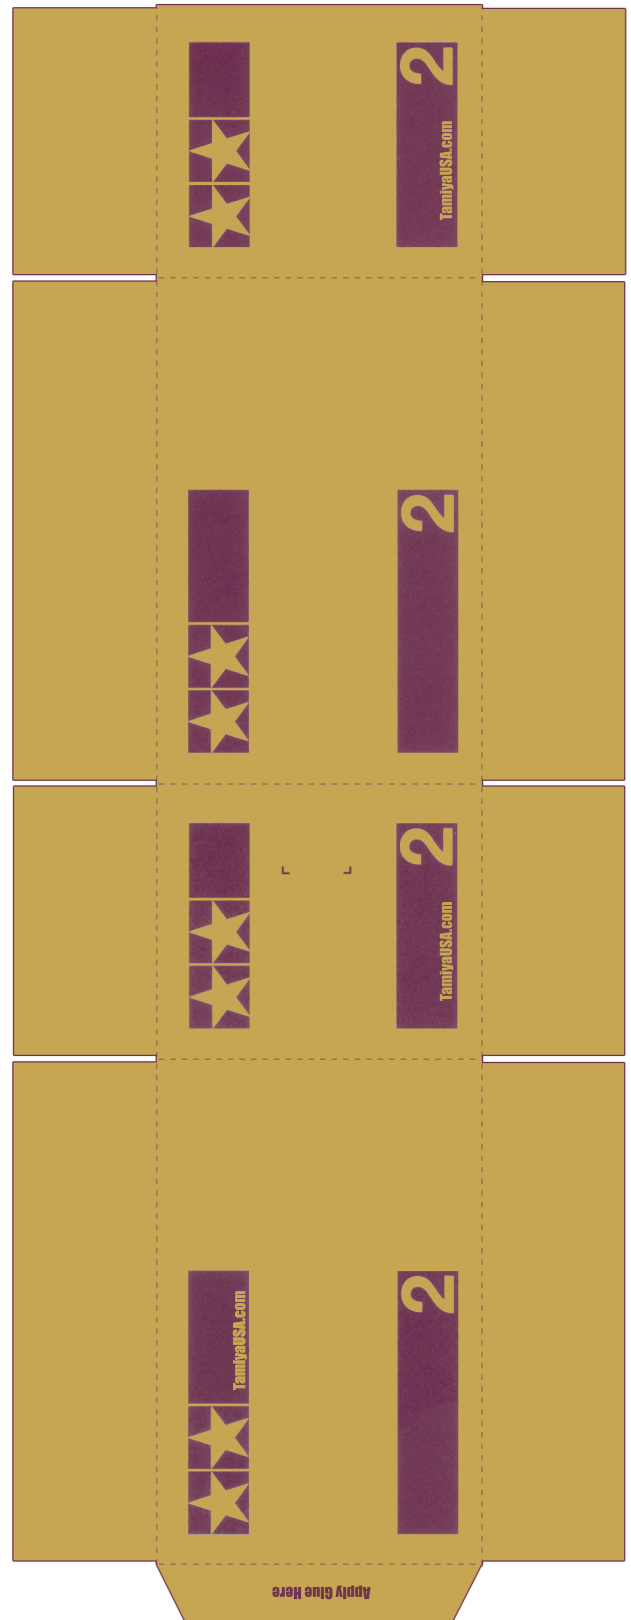

Standard Box Templates

Use these to print on white paper, to make real looking boxes

Hint: Do not use standard copy paper, use a stiffer carboard/constuction paper for best results!

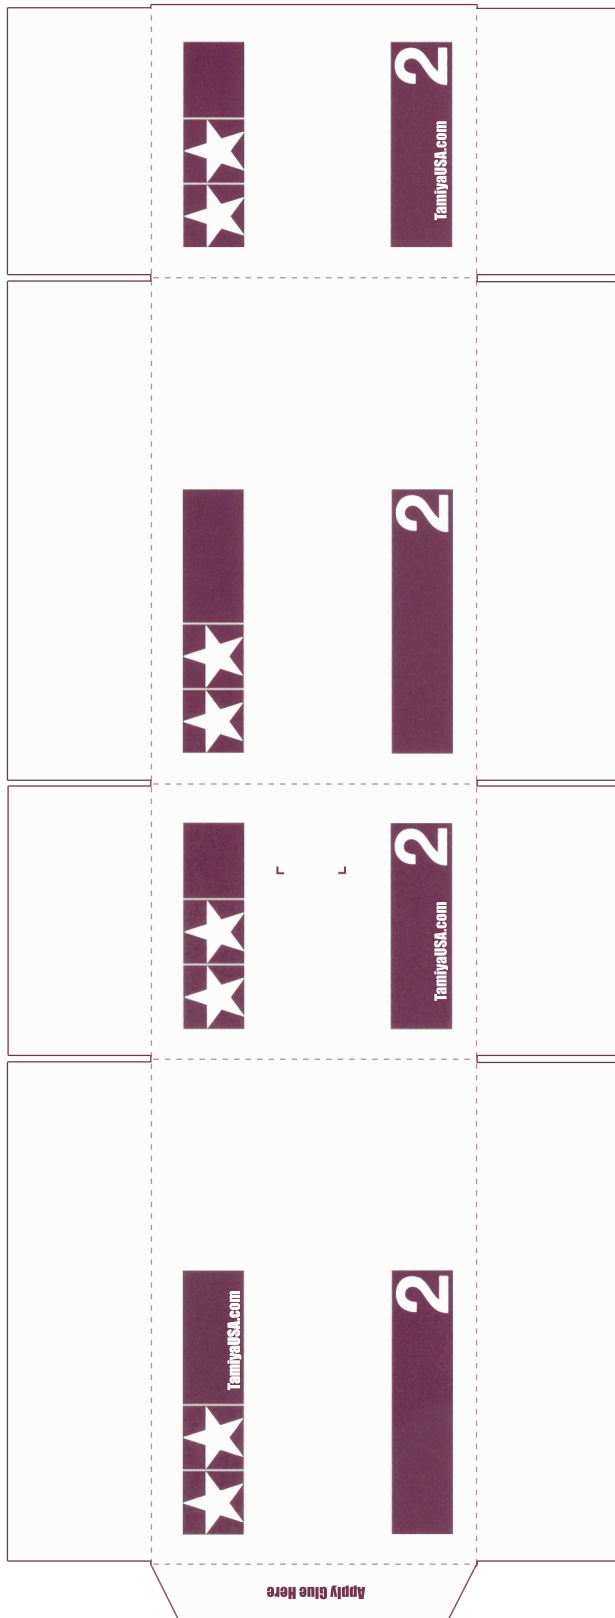

— Cut Solid Lines
..... Fold Dashed Lines

Basic White Templates

Use these to print on any color paper, to make colorful boxes

Hint: Do not use standard copy paper, use a stiffer carboard/constuction paper for best results!

— Cut Solid Lines
..... Fold Dashed Lines
